Program

"How can we design effective and engaging [Project Based experiences](#) for students?"

Learn the fundamentals of [project-based learning](#) development and implementation in this workshop for teachers and instructional leaders. Highly interactive by design, this workshop balances work-time with engaging didactics, activities, facilitated discussions, protocols, and task review checkpoints. The training results in the ideation of a useable, peer-reviewed [project-based unit](#) participants can implement in their classrooms.

During this engaging and active workshop, participants will...

- Build common language around the characteristics of [PBL](#) and explore the difference between "Projects" and [PBL](#).
- Assess sample projects using clear criteria for high-quality [Project Based Learning](#).
- Apply an intuitive design process to create an original project that can be implemented beyond the workshop.
- Participate in one or more tuning [protocols](#) to give and receive feedback to improve work in progress.
- Review free, useful resources from a variety of sources.

- Dive deeper on topics such as:

1. [Teaching & Assessing 21st Century Competencies](#)
 2. [Methods of Focused Inquiry](#)
 3. Supporting Drafting and Critique with Students
 4. Developing High Quality Entry Events
 5. Curating Project Work
 6. Common [PBL](#) Practices
 7. [Exhibitions & Presentations of Learning](#)
-

Presenters

Charity Allen

During her career in education, **Charity Allen** has developed project-based curriculum, helped design hundreds of original projects, designed developed and delivered a wide range of professional development and taught French language in the classroom to students in grades 6-12 as well as to college students and adults.

As a former Senior National Faculty member and Program Manager for the Buck Institute for Education, Charity has provided hundreds of PBL 101 workshops, PBL 201 workshops and sustained support. She has also played key roles in Capacity Building Program development and management, National Faculty mentorship, teacher mentorship and systems implementation.

Currently, Charity serves and supports key clients around the world as an independent consultant. She supports the implementation of Project Based Learning and other innovative instructional initiatives within their systems. In partnership with other professional learning organization, she authors both face-to-face and online modules for professional learning. She also blogs and interacts with key education policy initiatives and change organizations to support continuous improvement in education.
