Program

Join us for a day of interactive learning to support your school nutrition program. Public Health Inspectors and Registered Dietitians from Alberta Health Services will serve you up some tools, resources and recipes no matter what kind of kitchen you have. Take a bite out of your food safety, Alberta Nutrition Guidelines for Children & Youth, portion sizes and menu planning questions so your school nutrition program is worthy of Michelin stars.

****Bring your schools food program menu(s) as planning time will be provided. A healthy lunch will be provided.**
