Program

This is a working session for teachers who have attended the first two days of LLI. Teachers will have an opportunity to dig deeper into the implementation of LLI; deepening their expertise with daily lessons, analyzing Reading Records, and accelerating student's progress.■

In this session we will look closely at:

- Reading Records; teaching from data
- Problem solving complex students;■
- Revisiting the lessons; how to best move students forward■

It is important for teachers to **bring their Reading Records** in order to problem solve and support the work with their students.
